The First **International Conference on Recent Information Technologies, Fuzzy Systems and Innovation** (**CINTISI'20**) is a conference that will be held on October 08/10, 2020 in Oujda, Morocco. **CINTISI'20** aims to bring all actors of all kinds: researchers, engineers, professionals, academics, institutional, industrial and other experts to exchange information on different themes proposed, and to share their culture on the field. The confrontation of the methodologies employed is likely to favor collaboration and innovation. **CINTISI'20** aims to bring all national and international researchers together to present their recent work, exchange their scientific experiences and share knowledge gained in the field of new technologies and the various recent applications of information systems. This scientific meeting will also bring together specialists from different fields and student researchers or recent graduates and will give researchers the opportunity to present their recent work in this congress's various topics.

TRACKS & TOPICS

The conference will have four tracks. Topics of interest include, but are not limited to:

🔹 Track 1 : Technology Trends & Computing

Fuzzy Systems, Big Data, Social Network Analysis, Internet of Things & Smart Cities, Smart Agriculture, Healthcare, Neuromorphic Systems, Mobile Applications, Digital Transformation, Software Engineering and Quality, Digital Transformation, High Performance Computing, Distributed and parallel systems, Mobile and embedded systems, Cloud Computing, Mobile Computing, Large-scale applications, Software testing and quality assurance…

🔹 Track 2 : Artificial Intelligence & Machine Vision

Urban Intelligence, Deep Learning, Artificial intelligence, Agents and Multi-agent Systems, Natural Language Processing, Data Mining, Ambient Intelligence, Sentiment Analysis, Robotics, Human Computer Interaction, Computer Vision, Image Processing, Video Analysis, Medical Diagnosis, Segmentation Techniques, Virtual Reality…

🔹 Track 3 : Communication & Security

Security, Ethics and Cybercrime, Networking, Wireless/ Mobile Communication, Connected Machines, Mobile Adhoc Networks, Virtual Private Network (VPN), Communication Protocols, Mobile Apps, Privacy, Surveillance, Biometrics, Internet Security, Electronic Data Interchange (EDI), Web Services and Performance, Cryptocurrencies, Cryptography…

🔹 Track 4 : Information Systems & Modeling Methods

Geographic Information Systems, Virtual Learning Environments, Web-based Learning, Delivery Systems and Environments, System Modeling Language, Bioinformatics, E-Learning, Smart technologies, E-marketing, E-Commerce, E-Tourism, Systems Engineering, Human Machine Interface, Multimedia systems and applications, Database systems, Software process and life cycle…

IMPORTANT DATES

Paper Submission Deadline: 30/06/2020
Acceptance Notification: 31/07/2020
Camera Ready Deadline: 31/08/2020
Conference Dates: 08/10/2020 to 10/10/2020
